

ASDI Benchmarking

Instruction for data export

Please Start ICdoc and choose the menu "Interfaces", then "ASDI Benchmarking Export".

💔 IC doc Manager	(ICU)		
Administration View	Interfaces Evaluation System	/indows <u>H</u> elp	
🔐 🏭 🙈	BMGF Export (Austria) ASDI Benchmarking export		
	Database export Database import		
	Free export		
	Complete export		

In the upcoming dialog Box please fill in the first day of your documentation (e.g.1st January 2019) in the field "from". The field "until" will show automatically the actual day.

Confirmation 🔀
F Attention: Password protected export files can only be read by the scientific ASDI server. These export files can neither be read in your unit nor in any other unit. Do you want to continue nevertheless? OK

The export is now finished. Start the Windows Explorer and change into the chosen directory. There you will find three files with different endings (exp, log, zip). Please send ONLY the ZIP FILE!

Exp: The non-protected data, please do not send this data.

Log: Logbook of the Benchmarking Export.

Zip: Packed and protected export data – please send this data to the ASDI Office via e-mail.

Thank you for your effort!
